Environmental Policy

Hawk Systems Ltd (HSL) recognises our responsibility to safeguard the environment. We are committed to reducing our environmental impact and to continually improve our environmental performance as an integral part of our business strategy and operating methods.

Responsibility

The Managing Director is responsible for our environmental performance and the implementation of this policy. However, all Hawk Systems staff have a responsibility in their area to ensure that the aims and objectives of the policy are met.

Policy Aims

We endeavour to:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Ensure the efficient and sustainable procurement and use of all natural resources, including energy, water and consumables, consumed during our operations.
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirements.
- Use energy saving materials in all operations and re-using rather than disposing whenever possible.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Be compliant with relevant environmental and energy legislation, contractual obligations and industry codes of practice.
- Set performance targets with a view to continuous improvement and review annually.

Approval for this Policy

This Environmental Policy has been reviewed and is fully supported by the Board of Directors at Hawk Systems Ltd:

Signed:

Name: Martin Cook
